

To Our Valued Current and Future Customers,

During these unprecedented times and as the situation evolves, we would like to thank you and all the employees at your facilities. You have all worked tirelessly to provide medical care and support for all of us. We can't imagine where we would be without you watching out for our wellbeing.

We believe it is our duty at Fire Door Solutions to be continually vigilant in looking for opportunities to support and guide you. It is our intent that if we cannot be onsite providing service, then we can certainly support you by lending our knowledge and expertise.

To that end, we wanted to make you aware of an announcement from The Joint Commission. The Joint Commission has submitted an 1135 Waiver to CMS on behalf of hospitals. This waiver was intended to provide clarity around the expectations for surveys after the State of Emergency has lifted.

You can find additional information regarding this announcement and the impact to your inspection, testing, and maintenance survey requirements at:

<https://www.firedoorsolutions.com/resources/covid-19-resources/>.

The team at Fire Door Solutions is committed to helping you navigate and maintain compliance after the Coronavirus has run its course.

Fire Door Solutions was there to support you before the crisis, we are here now, and we will aggressively support you when this virus has run its course.

Thank you.

Sincerely,

Jeff Perry  
CEO/Founder  
Fire Door Solutions, LLC.
